

Working Safely

1. Access

Access to the halls during build-up and break-down is only possible by obtaining a Contractor Wristband onsite from Security.

2. Safety Clothing

We strongly advise wearing high-vis tabards and safety shoes at all times during build-up and breakdown.

3. Smoking/Spitting

Smoking is strictly prohibited outside of designated smoking areas. Spitting is strictly prohibited inside the halls.

4. Alcohol and drugs

Consumption of alcohol and drugs is prohibited at any time.

5. Emergency exits

Emergency exits and designated emergency aisles must be kept clear at all times.

6. Safety equipment

Safety equipment such as sprinkler systems, fire alarms, fire extinguishers, smoke alarms, locking devices for doors and fireproof shutters must not be blocked or hidden in any way.

7. Working at a height

All contractors and exhibitors have a responsibility to work safely at height and should plan ahead and source the most appropriate equipment for the task.

8. Minimum age

Children and adolescents up to the age of 16 may only enter the trade fair centre accompanied by a legal guardian or a suitable supervisor.

9. Electrical installations

Electrical installations in booths must be carried out by qualified electricians (“B” certificate). All electrical installation and equipment must comply with relevant high-voltage regulations and use quality wires/cables.

10. Cutting and grinding works

All works related to welding, soldering, cutting, grinding or open to flames are not permitted inside the hall and should be carried outside the halls.

11. Compressed gas and liquid gas facilities

It is strictly prohibited to store or use compressed/liquid gases in the halls and exhibition grounds.

12. Waste disposal

The exhibitor is responsible for the orderly and environmentally friendly disposal of waste that occurs during the assembly, dismantling and operation of their booth.

13. Venue Rules and Regulations

All contractors and exhibitors must have confirmed that they have read and understood the “Venue Rules and Regulations for Booth Décor” before they will be permitted access to the venue.

Disclaimer:

These rules should be read in conjunction with the [Exhibitor-Appointed Contractors’ Information](#) and the online Exhibitor Manual.

For further details and to access the online exhibitor manual, please contact your exhibiting client.
